Griffith Tourism Team launches new mural art trail and more

The Griffith Tourism Team is thrilled to announce the launch of its brand-new *Griffith Mural Art Trail* brochure, designed to showcase the emerging public art scene throughout our city.

This resource is your guide to discovering the murals featured on local buildings, fences, bollards and even a water tower.

You'll find each mural is pinned on an easy-to-use map, that links to an online page that offers more insights into the stories and inspiration behind these impressive works of art.

The *Griffith Mural Art Trail* is a fantastic way to explore Griffith's emerging art scene, offering an opportunity to uncover hidden works that many may have never noticed before. Whether you're a local or a visitor, this guide will lead you on a colourful journey across the city.

"The concept of this trail came to life after last year's *Her Way Mural Project* and Griffith City Council's most recent initiative; the *Water Tower Mural* by Heesco, which introduced a series of public murals beyond the impressive strip of Banna Lane murals. The decision was made to create a guide that showcases the public art across all of Griffith, with the intention of updating the guide every 12 months as the art scene continues to evolve," said Marketing & Promotions Coordinator, Francine Barbaro.

The Griffith Tourism Hub is also home to a variety of other helpful resources for exploring the region. In addition to the *Griffith Mural Art Trail* brochure, the Hub offers pocket guides for walking trails, as well as self-drive and cycling guides for those looking to experience Griffith in different ways.

Visitors and locals are encouraged to pop into the Griffith Tourism Hub today to pick up your *Mural Art Trail* brochure and the many other exciting resources available, and start exploring Griffith's emerging public art scene.
